TALK WITH HARDINGWants Views of President-Elect
on Tariff Bill.Wide Difference of Opinion Re-
garding the Amended Tariff
Measure Now in Confer-
ence—Some Other Bills.

Washington, Feb. 18.—Republican leaders of congress are marking time, today, pending the return of Representative Joseph W. Fordney, Republican, Michigan, chairman of the house ways-and-means committee, from his conference with President-Elect Harding at St. Augustine. The various tentative plans for revision of the tariff and tax laws by the next congress are being held in abeyance until Fordney has reported Mr. Harding's views as to what should be done regarding them.

All the Republican leaders do not share Fordney's opinion that the tariff should be disposed of. There is also a difference of opinion among them as to whether a sales tax should be substituted for the excess-profits tax. Senator Penrose, Republican, Pennsylvania, who as chairman of the senate finance committee, occupies the same position toward the senate as Fordney does toward the house, has been generally opposed to a sales tax such as Canada is reported to be finding highly successful as a revenue raiser. Fordney hopes to obtain Mr. Harding's approval of his plan to have congress, by a resolution, make the provisions of the new tariff bill effective immediately upon its being reported to the house by the ways-and-means committee and pending the adoption, amendment or rejection of those provisions by the senate and house. He would have those provisions finally enacted into law, made retroactive from the time of their enactment to the time of their being reported, or adopted. In this way, he would prevent the country from being flooded with imports between the time the bill is reported and the time the duties finally provided by it are enforced.

Verbal Battle.
Washington, Feb. 18.—Representatives Sumners and Blanton, both Texas Democrats, engaged in a verbal battle in the house. Sumners sent to the desk to be read a letter Blanton had written Texas editors, saying members of congress were attempting to raid the treasury through salary increases; that he alone had objected, and that the press of the country should jump to the wheel to prevent the grab. Rushing toward Blanton's seat and pointing his finger at him, Sumners shouted: "When you sent that statement to Texas readers it was false."

Attempting to interrupt the speaker on personal privilege, Blanton was rebuffed down. Then when Sumners had concluded a 30-minute attack on the members stood and cheered lustily, while many rushed forward to shake his hand.

Meanwhile Blanton was screaming for the right to be heard, and finally was given three minutes. He did not get far, however, before he clashed with Representative Campbell, Democrat, Pennsylvania, and Strong, Republican, Kansas.

SIMON SWIG WILL
RETURN TO WORKDeclares He Is Through with the
Banking Business.

Boston, Feb. 18.—Simon Swig, former rag picker and stormy petrel of Boston's financial world, who "Treasury Trust company" has been closed by Bank Commissioner Allen, declared today he is through with banking.

Swig said it necessary to save the \$500,000 depositors their \$14,183,396. He would start all over again with the bank on his back.

The militant champion of "give to each, interest" vowed he would "use the conspirators" who he accused for the closing of his bank and who he charged with confidentially plotting to encompass his ruin.

Use of "sound and unauthoritative banking methods" is the reason for Commissioner Allen's action.

M'GANNON IS
GIVEN LIBERTYIs Found Not Guilty of Murder
of Kagi.THE JURORS RETURN
A VERDICT TODAYJury Deliberates Eight Hours
and Forty Minutes—Scenes
in Court-Room.

Cleveland, Feb. 18.—William H. McGannon, chief justice of the Cleveland municipal court, again walks the streets of Cleveland a free man. A jury of nine men and three women returned a verdict declaring him not guilty of the murder of his friend, Harold C. Kagi, at 11:20 this morning. The verdict was ready a few minutes before, but neither judge nor defendant was available. Hurriedly the telephones were used, while Judge Maurice Bernon, who presided at the first McGannon trial, which resulted in a disagreement after forty-eight hours of deliberation, was called to receive the verdict in place of Judge Homer G. Powell, who was ill at his home.

The defendant, who was at the home of his brother, Dr. A. C. McGannon, on the West Side, having given up hope of an early verdict, was hurriedly summoned by his counsel. The automobile carrying him to receive the verdict of his peers probably broke a few regulations regarding speed in its trip to the courthouse.

Just before 11:20, the jury filed into the court-room.

"Gentlemen of the jury, have you agreed upon a verdict," asked Judge Bernon, after the time-honored formula.

"We have," replied the foreman and the clerk read:

"We, the jury, find the defendant not guilty."

Scarcely had the reading been finished and the customary procedure been complied with, when Judge McGannon warmly grasped the hands of the twelve in turn, thanking each for the judgment rendered.

Friends of the accused jurist by the score crowded around him to congratulate him upon the result. The court-room, for a few moments, was turned into a reception room for the late prisoner.

There are still pending charges of unprofessional conduct before the bar association. Whether these will now be present or dropped, was undecided, late today.

The jury deliberated eight hours and forty minutes.

Judge McGannon announced, this afternoon, on Page Ten.

IMPOSSIBLE TO

BY LLOYD GEORGEIn Answer to Criticisms by Horatio
Bottomley.Bottomley Is Challenged To
Show Way To Collect Full
Indemnity from Germany.
Trials of War Criminals.

London, Feb. 18.—It is impossible for any one nation to pay the whole cost of the war, Premier Lloyd George declared, today, in reply to a sensational statement issued by Horatio Bottomley, M. P. Mr. Bottomley had demanded the dissolution of parliament and the immediate trial of the ex-kaiser.

Premier Lloyd George ridiculed Mr. Bottomley's declarations and challenged him to collect the indemnity from Germany.

"If Mr. Bottomley should collect the German indemnity, I suppose he would bring us shiploads of worthless marks," said the premier. "If you and the rest of the opponents of the government's policy press for the impossible you will get nothing. It is impossible for any nation to pay the cost of the war, which we put at \$30,000,000,000 pounds. Had England lost, she could not have paid the bill in full."

Premier Lloyd George declared that the trials of "German war criminals" would be pressed to the very end.

"It is strongly to be suspected that Germany will send delegates to the London conference next month in ragged clothes," continued the premier.

The premier said that England and France were agreed that it was not worth while to risk war with Holland to attempt to bring force to get the ex-kaiser trial.

[Note.—The premier's declaration about the ex-kaiser's trial is accepted as confirmation of the story circulated by the International News service, yesterday, that no further effort will be made to bring members of the Hohenzollern family to trial for their alleged war crimes.]

In his statement attacking the premier's German policy, Mr. Bottomley said that "Wilhelmstrasse is treating everything with callous indifference."

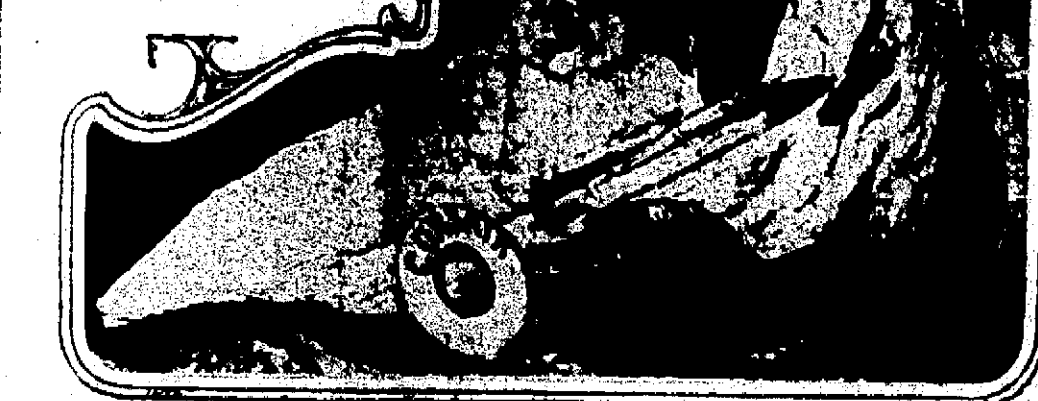

Typhus Infected.

After young Americo had done all this, Miss Lazarene explained, he went to Los Angeles from where he wrote her he had "lost his sense of affection."

SKULL OF STRANGE SEA MONSTER FOUND AT SOLDIERS' KEY, FLORIDA

Captain Charles Nicholas Muller standing in the skull of a huge sea monster landed at Miami, Florida, after having been discovered at Soldiers' Key, a few miles south, by Elmer E. Garrison, of New York. The body of the creature was found about three weeks ago and the skull, weighing three tons and measuring fifteen feet long and seven feet wide, was towed to Miami. Mr. Garrison reported that he saw about eighty feet of the monster, which was being devoured by sharks.

Administration.DRAFTED TO SERVICE
BY A COMMITTEEGovernor Davis Is Pleased with

of Peace the Right To Issue
Search and Seizure War-
rants for Special Work.

Columbus, Feb. 18.—R. C. Shaw, president of the United National bank of Akron, and Marshall Sheppy, head of Berdan & Company, wholesale grocers, Toledo, both Republicans, have accepted appointment to the state board of administration.

They were "drafted" by a committee of a dozen "best minds," called here by Governor Davis to advise him on the subject.

The committee adopted a resolution asking William Graves Sharp, Elyria, former ambassador to France, to accept one of the Democratic places on the board. The fourth member, a Democratic physician, is to be nominated by the committee members by mail after consulting medical men in their communities.

The governor announced he was hopeful one of the four men might be prevailed upon to accept the directorship of the department if his plan to abolish the four-member board goes through.

Davis was happy over the outcome of the meeting, held in his office. "It shows a wonderful spirit and it is going to be helpful to us," he said. "I am going to take advantage of it."

The committee was composed of J. T. Good, Mr. Shaw, H. S. Firestone and C. W. Seiberling, of Akron; Asahel Adams, Youngstown; Walter Stewart, William Booker and H. S. Reynolds, Toledo; Wilson Wood, Piqua; J. E. Donnell, Findlay; Walter J. Sears, Chillicothe; Alva Bradley, C. J. Neal, W. S. Hayden, E. M. Williams, Mark L. Thomson and R. F. Grant, Cleveland; T. A. McNeil, East Liverpool, and H. B. Peters, Lancaster. The bill of Chairman Gordon, of the house temperance committee, giving favored justices of the peace authority to issue search and seizure warrants to be executed in cities and jurisdiction in alleged violations occurring in large municipalities, is encountering opposition. It is held by several local judges as a "reflection against the entire judicial system of the state." They declared it also a step back to the old practice of dragging city causes to remote township courts, which became so intolerable that the legislature abolished it in every municipal court law.

The bill is an amendment to the Crabbe prohibition act of last year.

Proctor Bill.
Columbus, Feb. 18.—Representative Little, Medina county, has introduced in the house a duplicate of the bill presented in the senate by Senator Burke, Lorain county, providing for disability pensions for city firemen. Senator Burke's bill is in the hands of the senate cities committee.

Representative Fouts, Morgan county, introduced a bill changing the definition of the term, "credits" contained on Page Ten.

A CONFERENCE
WITH HARDINGJustice Hughes To Meet the
President-Elect.EXPECTED TO REACH
ST. AUGUSTINE TODAYWide Range of Subjects To Be
Discussed—Speculation on
Cabinet Positions.

St. Augustine, Fla., Feb. 18.—Charles E. Hughes will arrive in St. Augustine, late today, for what probably will be a final conference with President-Elect Harding before he becomes a member of his official family, "two weeks hence."

Justice Hughes has not seen the president-elect since the latter's recent tour of Panama, early in December. Since their meeting in Marion, the Harding cabinet has assumed a definite form and there have been many shifts in the international situation as the new administration will have to deal with them.

It is understood a wide range of subjects will be taken up in the discussion by the president-elect and his secretary of state. It is probable that the foreign situation will be thoroughly gone into and in addition, Justice Hughes will advise what he thought of the inaugural address and the few cabinet portfolios not yet tentatively filled.

The refusal of Governor Frank O. Lowden, of Illinois, to be considered for any office in the Harding administration has created still more uncertainty in the naval, commerce and labor posts. It has also increased the chances of southern representatives in the cabinet, according to those about the president-elect.

Offering Advice.
The political advisers of Mr. Harding are insistently urging that for purely political reasons, he recognize the breaking of the Solid South by awarding a cabinet post to a southern man, but so far as can be learned, the president-elect has made no decision as yet.

Various names have been suggested to Mr. Harding in this connection, among them former Senator Newell Sanders, of Tennessee; T. H. Houston, of Tennessee; A. T. Hart, of Kentucky; Representative C. Bascom Slamm, of Virginia, and John M. Moorehead, of North Carolina.

John Hays Hammond, who was suddenly brought forward, a few weeks ago, as a possible secretary of commerce, may be slipped into the naval berth, as a result of the Lowden withdrawal. Hammond has a wide knowledge of international affairs and is, himself, an engineer and inventor of wide repute.

It is believed that Hammond's appointment to this post would be hailed with wide satisfaction by the navy, itself.

BAFFLED IN WORKMen Suspected of Complicity in
Crime Voluntarily Report and
Account for Their Moves.

Cleveland, Feb. 18.—While Sheriff Stannard still adheres to his theory, announced this morning, that one man, a mafioso, more than six feet in height and very strong, committed the double murder, Wednesday afternoon, at a desolate spot on Bean road in Parma township, other clues are being pursued that are not in accordance with that theory.

A comparison, however, of the double crime with two other recent murders, lead the sheriff to believe that his early-morning theory is correct and he is inclined to believe that somewhere, perhaps lurking still near the scene of his last murder, or maybe at large on the streets of Cleveland, the blood-thirsty mafioso now is.

He points out that, less than three weeks ago, Miss Grothman Brandt was killed in a similar manner at her home, No. 214 east Forty-sixth street. The other crime, bearing similar earmarks, was committed September 29, 1918.

It is believed by officials that someone, with a marauding blood lust that comes upon him with overwhelming force at irregular intervals killed the two teachers and that when he is caught, the mystery which has shrouded these and other like crimes will also be made clear.

Officers Halted.
Cleveland, Feb. 18.—That the brutal murder of Misses Louise Wolf and Mabel Foote, Parma rural high school teachers, on a lonely country road, Wednesday evening, was the work of a man over six feet in height, is the theory upon which Sheriff C. B. Stannard and his coworkers have renewed the search this morning. Earlier theories of the crime were discarded when German police dogs failed to pick up the trail and men described as suspects came in voluntarily, last night, and accounted for their actions.

Offer of a reward of \$500 for the arrest of the killer will be made by the board of county commissioners, when it formally meets, tomorrow. It was authoritatively stated today.

Every motorman and conductor operating a car upon which the killer might have escaped, Wednesday night, is being interviewed with the hope that one of them may furnish a clue that will lead to his arrest. That delay in finding the bodies and the time lost in following blind trails have given him a tremendous start, is not denied by officials.

Most Muted.
The murder was claimed by police as the most brutal crime committed

Days.LIEUTENANT PEARSON
SUFFERS HARDSHIPSWanders for Time Without Food

in Mexico. He Loses Bearings.
Finally Reaches Goat Herd-
ers. Who Care for Him.

San Antonio, Texas, Feb. 18.—A thrilling story of the wanderings of Lieutenant Alexander Pearson, Jr., army flier, who was lost for six days in Mexico, south of the Rio Grande, along the arrival of Major Henry C. Pratt, air officer of the Eighth corps.

Major Pratt was the first man to meet Pearson when he reached civilization. His story is the first authentic report and will be forwarded to Washington by corps headquarters. Pratt's story follows:

"After Pearson landed his ship, due to motor trouble, he spent all of Thursday afternoon searching for the Rio Grande. He continued his search throughout the night and all day Friday. He was out by prickly cactus and blinded by sandstorms. Weak from lack of food and having used his half-filled canteen of water, he tried to sleep, Friday night, but hunger and thirst prevailed. Early Saturday morning, nearly exhausted, he stumbled through a canyon and, guided by the croaking of frogs, found the stream.

"A quarter of a mile from where he searched for the river, he saw a raft on the river. He went down to it and, after finding some additional boards in the raft, which proved to be a discarded washbasin, with strips torn from his clothing, he swam down the stream all day and all night.

"Shortly after daybreak, Sunday, he sighted the goat camp of the Rutledge Brothers and called two goat keepers. They accompanied him to the ranch house, taking large walking beside the horses, in order that Pearson might ride.

"At the ranch house, which was deserted, but well stocked with food, he ate for the first time since Thursday morning. His condition was so weak from exposure and lack of nourishment, however, that the goat keepers would not permit him to start on the trip to Henderson until he had recuperated.

"Wednesday afternoon, they furnished him with a horse and, with one acting as a guide, he rode into the air service camp, just as the boys were returning from another fruitless day of searching for him."

Major Pratt said that Pearson, after landing, walked away from the river to the south, under the impression that he was still in the United States. The fact that he walked in a circle was what brought him back to the river. The plan was to follow the river, with the exception of the morning bearings being frozen, about five miles from the river, on the Mexican side. It will be returned to Pearson's station just as soon as arrangements can be made with the Mexican government for its removal.

Pearson has returned to his station at Douglas, Arizona.

EMIGRATION
IS SUSPENDEDSteps Taken as a Safeguard by
Central Europe.RIGID REGULATIONS
ARE NOW IN EFFECTNo New Cases of Typhus at
Trest—American Health
Officials Warned.

Trest, Feb. 18.—Emigration from central Europe to the United States has been suspended and the borders of Italy have been closed pending the clearing up of the sanitary situation here.

The most rigid regulations have been put into effect with regard to the movement of all emigration not covered by the suspension order.

The causes of typhus here are under the strictest quarantine. No new cases were reported yesterday.

American Views.
New York, Feb. 18.—Suspension of emigration from central Europe to the United States was "undoubtedly upon orders from officials of the United States public health service," Dr. Copeland said yesterday.

American health officials stationed in various European cities, he added, had recently been ordered to Trest to make an investigation.

"This news is great," Dr. Copeland said. "It will take a big load off our minds here."

One hundred and twenty-five immigrants allowed to enter this country through the port of Boston were found to be "seriously infected" when they arrived here by train, Dr. Copeland announced. They were taken to Willard Parker hospital for de-lousing and observation for evidence of typhus fever.

An Agreement.
Washington, Feb. 18.—Senate Republican leaders agreed yesterday to expedite disposal of the immigration exclusion legislation by giving the bill priority rights as "unclassified business."

Leaders believed an agreement for a final vote would be reached later.

Drastic measures are being taken in the examination of passengers bound to America from the principal European ports so that all steamers may have clean bills of health on their arrival. It was announced today at a conference here of heads of transatlantic steamship companies with Dr. Rupert Rice, past surgeon general of the United States public health service.

All second and third class passengers on their way to the United States, it was explained, are being subjected to a thorough medical examination by increased staffs of doctors, under newly adopted regulations.

The new requirements are especially stringent as regards disinfection of baggage, which is put under heavy steam pressure, and in the personal cleansing processes adopted for insuring against infection from parasites.

The new regulations mean that the second and third-class passengers must reach the port of embarkation at least four days before the departure of their steamer, said Dr. Rice, continued on Page Ten.

ENRICO CARUSO MAY RECOVER
Hopes Entertained for World-Famous Singer.
FURTHER RELAPSE IS NOT EXPECTED
Five Physicians in Attendance Say Everything Looks Favorable for Patient.

New York, Feb. 18.—For the first time since Enrico Caruso, world famous tenor, suffered his critical relapse from pleurisy, doctors, today, definitely held out hope for his ultimate recovery.
The five physicians in attendance upon Caruso announced their patient was "holding the improvement he made yesterday," and that there seemed to be no danger of a further relapse.
"We are more hopeful now than at any time since the relapse occurred, Tuesday night," said Dr. Francis Murray, today.
"There does not seem to be any danger of a further relapse."
"Everything looks favorable for his recovery."
Dr. Murray made this statement after being with Caruso since midnight.
Caruso was left for the first time, today, without a doctor at his bedside constantly. This was when Dr. Murray went into the Vanderbilt hotel dining room for a late breakfast, leaving two nurses in attendance. Friends of the singer hoped, today, that an official announcement would be made before night that Caruso had passed the crisis of his malady. However, he is still regarded to be desperately ill and his improvement necessarily will be slow.

FIVE CENTS ENOUGH FOR SOFT DRINKS

Declaration of Bottlers in Session in Columbus.

Columbus, Feb. 18.—"There is no reason why dealers should sell any soft drink, with the possible exception of Coca-Cola, for more than five cents either in the bottle or at a fountain," declared Frank A. Lynch, Cincinnati, secretary-treasurer of the Ohio Bottlers' association, holding its annual convention at the Hartman hotel.
"The Coca-Cola company bought 25,000,000 pounds of sugar at twenty cents a pound. If it sells its product so that it can retail at five cents a bottle or glass now, the company would lose \$5,000,000," he continued.
"There is no doubt that prohibition has benefited the soft drink bottlers. With times again normal, they should realize a greater benefit," Lynch said.
"Any dealer who sells a soft drink, Coca-Cola excepted, for more than five cents is a profiteer," declared George W. Keeler of the Orange-Crusher company, who entertained the Orange-Crusher bottlers of Ohio at dinner at the Hermitage last night.
"The cost of sugar and other ingredients and operating expenses does not warrant a charge of more than five cents a glass or bottle," he stated.

James Ginn, Athens; Louis Goodman, Cleveland and Frank A. Lynch, Cincinnati, were re-elected president, vice-president and secretary-treasurer respectively. These were elected trustees: Charles Wagner, Cincinnati; Edward Mohr, Toledo; Charles Gearing, Youngstown, and James Melchior, Barboursville. F. W. Smith, Wapakoneta, was chosen traveling representative.

The association yesterday went on record as being heartily in accord with the Cole bill, which strengthens powers of a bill passed four years ago, making it unlawful for bottlers to use other than their own bottles in dispensing their product. The bill was introduced through Cleveland milk concerns to protect their trade marks.

Mrs. Perry George, of Franklin, Pennsylvania, underwent an operation Wednesday at the City hospital.

Smith, tellers, forced them into a vault, locked the vault and escaped with cash estimated between \$4,000 and \$5,000. An hour later, the two tellers were found in the vault by other bank attaches. The man disappeared and no traces of him can be found. He was roughly dressed. There were no patrons in the bank when the stranger entered. Stepping up to the window, the man leveled his revolver at the two tellers, forced them into the vault, keeping them covered. He closed the vault door and seized the money which was in trays and drawers. The two tellers were almost suffocated when rescued.

GATHER SHREDS OF EVIDENCE

To Show New Castle Man Murderers Wife.

BODY OF WOMAN FOUND LAST NIGHT

Victim Missing Since December 23—Brutally Beaten and Choked to Death.

New Castle, Pennsylvania, Feb. 18.—Alfred T. White is, today, being held in the county jail at Beaver, Pennsylvania, while authorities here look together the shreds of evidence tending to show him the murderer of his wife, Mrs. Sadie White, aged fifty-four, missing since December 23 and whose body was found under a hay stack in a barn here, last night.

An autopsy on the body of the woman, this morning, showed that she had been brutally beaten, kicked and choked to death. As soon as the remains of the missing woman were found, the county authorities fearing possible violence, spirited White away in an automobile. Feeling ran high for a time, but when it became known that White was gone, the excitement died down.

While search has been made for some time to find Mrs. White, the husband maintained that she was alive. In January, he is said to have told the police that he gave his wife \$1,000 to go to Chicago for a year, while he got a divorce. He is alleged to have married Mrs. Mable Longstreet, a widow, in Pittsburgh the day prior to his wife's disappearance.

On his way to Beaver, he is said to have joked with the officers, but never touched upon circumstances surrounding the killing of his wife.

A charge of murder is expected to be lodged against White, today, by the coroner.

HATFIELD SAYS HE KILLS THREE

Shoots Albert and Lee Felts and Cunningham.

TESTIMONY OF A WITNESS IN TRAIL

Other Witnesses State Bodies of Dead Detectives Are Kicked and Maltreated.

Mingo County Courthouse, Williams, Va., Feb. 18.—"Sid Hatfield told me, just after the shooting, that he had killed three of the Baldwin-Felts men," testified Squire Harry S. Tatum, of Mateswan, in the Felts murder trial, today.

"Did he say which ones?" asked Captain S. B. Avis, examining for the state.

"He said he had killed Albert Felts, Lee Felts and C. B. Cunningham,"

Shortly after the "Battle of Mateswan," Sid Hatfield kicked one of the bodies lying in the street. Basic Hamilton swore on the witness stand today. She also testified she saw Hatfield and Reese Chambers search two bodies. She stuck to her "kicking" story under cross-examination by J. J. Conniff, but admitted she did not see the two defendants put their hands in the pockets of the dead.

Josephine Hamilton also testified to seeing Sid Hatfield search bodies. Ed Chambers, likewise, searched the dead, she swore.

One man, parsing the bodies of the slain Felts detectives, said, according to this witness:

"Ain't that good bait for fishin'?"

She could not tell which one of the defendants made this remark.

Miss Hamilton declared she saw Reese Chambers with a rifle and Halie Chambers with a pistol, after the shooting.

States said he carried a high-powered rifle.

"Why did you have a gun?" asked Conniff.

"Well, sir," replied the witness, "Jesse Lowe came to me and told me that the mayor and fifty or sixty citizens of Mateswan had been killed and that the sheriff said I should come down immediately and bring a gun."

CLOSING ARGUMENTS IN YULICK MURDER TRIAL

Austrian. It's Expected, Will Know Fate Tonight

TODAY'S CROWD ABOUT EQUALS THE DAY BEFORE

Two Alienists Who Testify in Behalf of Defense Cause of Amusement.

Closing arguments in the trial for the murder of Elmer Edwards were begun in the common pleas court this morning and it is expected that the case will go to the jury late this afternoon.

Fred L. Carhart began the opening argument for the prosecution at 10:35 o'clock this morning and consumed about forty-five minutes. At the conclusion of his address court adjourned until 1:30 o'clock this afternoon.

H. S. Young presented the opening argument for the defense when court convened this afternoon. Grant E. Mouser, Jr., for the defense, followed Mr. Young and the closing argument for Yulick's life is to be made by Charles L. Justice. Fred W. Warner, prosecuting attorney, is to close for the prosecution.

Battle Over Alienists.

With the exception of the testimony of the defendant, whose cross-examination was concluded yesterday afternoon, the only witnesses for the defense were three who qualified as alienists and gave testimony in answer to hypothetical questions.

The testimony was offered in an effort to substantiate the story of the defendant that he knew nothing and was not conscious of his actions from the time Edwards is alleged to have called him an unspeakable name until he was stopped by Gordon Day, a foreman, while walking away from the scene of the crime.

Proceeding the introduction of this testimony there was a legal battle between the attorneys as to the legality of permitting the witnesses to take the stand. The testimony finally was admitted by the court, who placed certain limitations on it and during its introduction numerous objections to phases of the question were made by the state.

Spectators Amused.

Two of these alienists, Dr. William M. Prichard, superintendent of the state hospital for the insane in Columbus, and Dr. Henry Goddard, psychologist, director of the state bureau of juvenile research at Columbus, testified Thursday afternoon. Several times during the cross-examination questions were asked and answers given which caused the throng of spectators to laugh and on one occasion the outburst became so loud that the court admonished the people he would have to clear the courtroom if the incident were repeated.

Dr. Fillmore Young, the third witness for the defense to qualify as an expert, took the stand when court convened at 9 o'clock this morning and with the introduction of his testimony the defense rested.

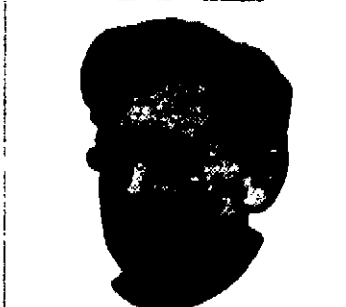

Testify in Rebuttal.

Two witnesses were then called back by the state to testify in rebuttal. They were Richard Dills, engineer, who was working at the engine within a few feet of Edwards when he was knocked down by Yulick, and T. J. Heimick, company sheriff, who placed Yulick under arrest immediately after the commission of the crime.

Will, this was a pretty day, anyhow. It was crumpy, to be sure, after all that lovely warm April weather, but what in the world could anybody reasonably expect for February?

Today was a bright, pretty day, and the Star's star weather-observing reporter still is "pulling" for February.

Evidences of spring continue to crop out. Today a big moving van packed with household goods was seen going out East Center street.

Then here is another: A resident in Oakland Heights addition today made complaint to the Star about so many dogs running at large and killing chickens.

Card of Thanks.

We wish to thank our friends, neighbors, minister and physician for their kindness shown during our recent bereavement, the loss of our darling son and brother. We also wish to thank them for the beautiful floral offerings. Mr. and Mrs. Lowry and Sister.

Tired of Old Winter Things--Folks Turn Most Eagerly to the Beautiful New Spring Goods Tomorrow We Start a Notable Advance Sale of Wonderful New Suits, Coats and Dresses

You'll Take Great Pleasure in Selecting These Beautiful New Spring Waists at Their Very Reasonable Prices

The busy Waist Section is particularly interesting these days. The selection of styles seems the best in years. And the charming new blouses which are streaming in every day now are meeting with unusual favor on the part of all who see them.

Not only are the styles particularly attractive and desirable, but the new Spring prices most agreeably surprise.

The choicest kinds of new Spring Waists at prices which are remarkably reasonable.

You will not have to pay high prices this Spring for your waists, if you visit our Waist Store.

A Fine Collection of Made "Fleur de Lis" Exquisite New Hand-Waists at \$5 to \$12.50

The greatest interest this season seems to be centered upon the beautiful, new, hand-made "Fleur de Lis" blouses.

There is no end of variety since you can choose from beautifully trimmed hand-drawn and hemstitched blouses, with real filet lace, or from daintily frilled and ruffled styles. Nothing could be daintier or more attractive than these. There are also smart hand-made tailored blouses, with long sleeves and roll collars. You will find these all uncommonly moderate in price—ranging from \$5 to \$12.50.

Very special at \$2.95 are choice new Striped Tub Silk Blouses, and also Pongee Waists in neat tailored styles. You would

expect these waists to be twice as much.

One very special group of Georgette Waists at only \$3.95. Included are both overblouses and waist line styles, trimmed with beads, filet lace and chenille embroidery. In white, flesh and suit shades.

At \$4.95, a particularly unusual lot of Tricotee Blouses, attractively touched with wool braids, in Line, Porcelain, Blue and Gold.

Dainty new Georgette Waists, particularly charming lace trimmed styles, and also beaded and embroidered models in white, flesh and beige, are very special at \$4.95.

A Group of Wonderfully Attractive New Spring Wraps Very Special \$59.50

If you are thinking of a particularly choice and effective new Spring wrap, you will certainly be interested in viewing this exceptional group.

Included are some of the most attractive new wrap styles we have yet seen. These garments come in the very choicest of the new colors and are made up richly in the beautiful new Peach Blooms, Plumettes, Velveteen, Summer Bolivia and Coverts.

We assure you that these garments are unusual. For any one of them you would fully expect to pay much more.

Smart New Spring Coats Being Featured at \$19.50, \$25 & \$29.50

At these three popular prices you may have the pleasure of selecting from choice, desirable, new coats, made up stylishly and attractively in good, fashionable, new materials.

Among the smart new coats which we are featuring at these prices just now, you will find Yolama cloths, light weight Velours, Camel Cloth, Coverts, Jerseys in the new Spring tans and light browns, blues, etc.

We feel certain that you will be surprised at the values.

A Very Unusual Offering of Attractive New Fiber Silk Tie Back Sweaters at \$7.50

When we were given the opportunity to purchase these wonderful attractive new Fiber Silk Sweaters at the price, we literally jumped at the chance.

For this self-same sweater last season had to be sold for virtually twice as much.

Only the style and the making of them this season is a little finer than last season.

Very nice quality fiber silk with charming white Angerette collar and cuffs.

This special lot includes a full range of colors in the latest new colors, such as Pea-

cock, Navy, Black and Brown.

They will certainly go quickly at \$7.50.

Women's Tie-Back Wool Sweaters at \$2.95

Just unpacked these desirable new Spring Tie-Back Sweaters, with their Brushed Wool Tuxedo collars. Peacock Blue with Buff and Brown with Buff. Unusual value at \$2.95.

Also two special lots of Children's Ship-Over and ripple effect Sweaters in the new Spring colorings at \$1.79 and \$2.95.

Fifty Wonderful New Dresses (Most of them "Peggy Paige" Frocks) They'll Astonish you at \$35

Every one knows what "Peggy Paige" Dresses are.

If there are any dresses which are altogether more charming, we do not know of them.

This is the first opportunity we have ever had to buy these frocks under price. Just by the best of good luck our buyer happened to secure this special group on her last trip to market.

We will not pretend to say at what these charming dresses would have sold at last season. You may be very sure, however, that it would have been far, far more than \$35.

Judging these particular dresses even at the lower prices today—there has seldom been such an opportunity, and we feel positive that the entire lot of them will be closed out in very short order.

We strongly urge any of our customers who expect to take advantage of this unusual offering to not delay.

If you will glance in our Center Street windows this evening or tomorrow you will gain a splendid idea of the character of the dresses included. The styles, as you will see, are exclusive and desirable to the last degree. The materials are fine and high grade. The character of the making is as that of the best custom dressmaker.

\$35, we assure you, is an extraordinary price indeed.

Among the special new \$35 silk dresses will be found distinctive and unusual styles in splendid taffeta and kitten's ear satin in the choicest colorings, such as Navy, Black, Brown and combinations of Navy Blue and Gray.

A Group of Smart New Taffeta Dresses—Most Unusual Values at \$19.50

You will be surprised when you see these exceptional dresses at this special price.

Just recall, if you can, the character of merchandise this same price would have bought five years ago.

The style and character of these dresses, you will find, measure up fully to the best standards of that

time.

In one of our Prospect Street windows you will find a few of these dresses on display.

These frocks are shown in splendid Taffeta in Navy Blue, Black, Brown and Taupe.

Since the number is limited, we feel certain that this special group will quickly disappear.

How Good It is to Know that \$25, \$35, \$39.50 and \$45 Again Buy All the Good Style and Quality as of Yore

Even \$15 and \$19.50 are Important Factors—So Remarkably Reasonable are The Prices of the Very Exceptional New Garments Which Feature Our February Sale

Our busy Second Floor Garment Sections are rapidly taking on every appearance of the new Spring season.

The constant in-flowing stream of choicest new Spring Styles is rapidly filling our garment cases.

Best of all, everything is new, fresh and desirable. With the exception of a few winter coats, every garment in our stocks is an advanced Spring model. Every one of them, at the new lower price level—which will happily prevail during the coming season.

Each day that passes sees customer after customer most pleasantly surprised at the attractive new prices.

What a pleasure, to again see the old familiar prices of days gone by—\$19.50, \$25, \$29.50, \$35, \$39.50 and the like. And the surprise is

all the more agreeable when one sees the fine quality, the choice materials, the good tailoring and all the other features which combine to produce good, desirable, satisfactory apparel.

Large numbers of garments purchased at particularly favorable prices enable us to announce this unusual February Sale. And we promise that this occasion will prove altogether pleasing to folks who desire the nicest kind of new garments at the most reasonable kind of prices.

Prices which remind one of the good, old-fashioned days, when the dollar contained a hundred cents.

All of our Display Windows are devoted to the showing of some of the exceptional new Suits, Coats and Dresses comprising this happy selling event.

Particularly Special New Suits at \$39.50, \$45 and \$49.50

The new Suits this season are most attractive indeed. It's been a long time since we have had the pleasure of showing more attractive and desirable styles than these advanced models of the coming season.

But while the styles are most desirable—the prices are most decidedly low.

In truth, customers tell us, day in and day out, when seeing these new garments that the prices are surprisingly low and vividly bring back the good old days before the war.

But one thing we can say—that never before in our history have we seen such interest shown—nor so many suits sold this early in the season.

Instead of showing a disinclina-

tion to buy, folks eagerly purchase these new suits at their particularly attractive prices.

While we have plenty of choice and desirable suits at lower prices and also a nice selection of finer and exclusive higher class garments, we will particularly feature, during this important February Sale, three remarkable groups of high-grade new suits at \$39.50, \$45 and \$49.50.

If you will view our Prospect Street windows you will see displayed therein some of the special models which will be featured during the coming few days.

We feel certain that if you will take the time and pains to investigate, you will quickly reach the conclusion that these special suits represent the best values to be found in the city.

Jersey Suits With Lots of Style—Very Popular This Spring—\$16.50, \$19.50, 25, \$29.50

Every season sees the sturdy, serviceable Jersey Sport Suit gain in popularity.

Particularly during the Spring season are they found to be just about the most practical and serviceable and altogether the most desirable suits one can select.

And in addition to all that—

they are the most reasonably priced garments to be had. Some of the smart new Jersey Suits which we have just received represent, we believe, most unusual values and will be found to be in a class by themselves—at such popular prices as \$16.50, \$19.50, \$25 and \$29.50.

In our demonstrations of economical use of gas we operate our appliances on a pressure much below what our patrons are provided with.

We bake, cook and heat in a very satisfactory way with one-third to one half the consumption of gas in the average home used for like purposes.

The only cause for the difference in results obtained is that the appliances we use are properly adjusted to burn gas more efficiently.

We are teaching patrons who call at our office how to raise and adjust cook-stove burners and what types of room heaters are economical.

Here is your opportunity, consumers, to save gas and save expense, by a little attention to your appliances, and that is why we say to you, that you can, if we can.

President-Elect Harding accepted the president's offer to provide an inaugural luncheon, but stated he did not wish it to be an elaborate affair and desired only the members of his immediate family present.
The president-elect stated that he was happy to note that the president had sufficiently recovered his health to be able to attend the theaters.

for taxation purposes, with a view to preventing the omission of intangible properties from tax returns by excluding deductions for debts.
The senate passed the bill by Senator Endley, Richard county, creating a state bureau of criminal identification and investigation. It now goes to the house.
The house passed the bill by Representative King, Stark county, authorizing the Canton city council to pay \$1,142 for surgical treatment due to injuries received by Patrolman C. L. Wood, during a battle with burglars, in 1918. The measure will be messaged to the house.
The senate and house will reconvene Monday evening.

Columbus, Feb. 18.—Addresses are scheduled to be made, today, before Governor Davis' citizens' taxation committee, by Gus Kasch, Akron real-estate dealer; Professor G. H. Coaltion, Hiram college; Attorneys L. J. Johnson and M. L. Thrallkill, Columbus; Judge F. M. Geiger, Springfield, and Professor S. K. Mardis, Ohio university, Athens.
These men advocate the uniform rule in taxation.
They were preceded before the committee by supporters of the proposal that property be classified for taxation purposes, including Attorney Clarence C. Laylin, special counsel in the attorney general's office; Malcolm Jennings, Columbus, secretary of the Ohio Manufacturers' association; R. E. Miles, Columbus; Alfred Bettman, Cincinnati; and W. S. Harden, A. B. Thompson and H. H. Hampton, Cleveland.
The citizens' committee is endeavoring to determine upon recommendations to be submitted to the state legislature, not later than March 1, relative to a permanent taxation program.

GERMAN POLICE DOGS ARE USED

in the county within memory of present officials. The murderer wielded several cuttings which he had cut

from the thick woods which flank both sides of Bean road.
The women taught school in two portable buildings located across the street from each other at the corner of Ridge and Bean roads. A new high school building, which they both looked forward with pleasure to occupying next year, is being erected a short distance away.
The teachers, living in the city, rode back and forth to work each day on the street car. This necessitated their walking about two miles from Ridge road to State road, where they caught the car. They usually took this walk together and were in the habit of getting the car at the corner of State and Bean roads every evening at 5:30.

Leave School Together.
School was dismissed every day at 3:30 p. m. Wednesday, as was the case most every day, the teachers remained after school to correct papers and lay out their next day's work. They left the school houses, together, about 5 o'clock Wednesday evening. C. J. Uhlock, a farmer, living across the street on Ridge road, saw them leave. At that time he saw other persons in the immediate neighborhood.
Bean road leads up and down over several steep hills. It is sheltered on both sides by heavy woods and orchards. About a quarter of a mile east of Ridge road, in a low gully and setting back 200 feet from the highway, is located a little shack built by a real estate company. It was in this shack that the murderer hid himself until the teachers had reached that point of the road.
The deep foot prints made in the soft soil tell the story of the murderer almost as plain as an eye witness might have described it.
From the gully, where the murderer started his attack, the road leads up a steep hill for more than 600 feet. A pathway runs at the top of an embankment, and slightly elevated above the road.
The 600 feet from the gully at the bottom of the hill to where the bodies lay at the top were marked by bloody clabs, a handkerchief here, a breast watch farther along, an overcoat which one of the teachers lost in her flight, an umbrella, bent and broken. Two posts in the wire fence which bordered an orchard, were snapped off close to the ground, evidently from the force of bodies thrown against them. The grass was trampled and blood spotted.

The teachers fought for their lives and for each other. It was apparent from the marks of the battle that when the murderer gripped one of the teachers, the other, arming herself with a small stick or stone, came to her assistance. When the murderer loosed one to protect himself from the other, the one who was freed immediately armed herself and went to her friend's assistance.
Struggle Up Hill.
Thus they struggled up the hill. Near the top, a sapling two inches in diameter, marked advantage for the murderer.
This club, with the dark hair of one of the teachers and the light hair of the other still clinging to it, was bent in the middle, but not quite broken in two. Wielding this club first on one and then on the other, the murderer rendered his victims unconscious.

Miss Foote fell face down, near the fence. Miss Wolf continued to struggle on up the hill, but finally was beaten down about ten feet from

where Miss Foote fell.
Evidently believing Miss Wolf dead, or at least incapable of attacking him further, the murderer continued to attack Miss Foote. From sticks and clubs found near the body, police believe the man beat her about the head, face and body after she had been felled. When found, her arms were stretched above her head and her hands were tightly clenched.

Blind Felling.
During the fight a heavy rain had been falling. Although it still was light at the hour the crime was committed, no person has been found in the neighborhood who saw anything suspicious, or heard any cries for help.

With his lust for killing spent, the murderer leaped from the embankment to the roadway six feet below. The deep imprint of his feet in the muddy road, frozen by noon yesterday, could be plainly seen. These prints led east on Bean road for several hundred feet and then turned south into the thick woods.

Miss Foote, it is thought, regained consciousness following the assault. A trail of blood led from the body of Miss Wolf. Miss Foote carried with her a small satchel, in which she had some night clothing, having spent the previous night with friends.

This satchel had been opened, and police think Miss Foote reached into it, took out a nightgown and wiped the blood from her face. The loss of blood from her numerous wounds, however, caused her strength to weaken rapidly and she probably soon lost consciousness again, dying later from loss of blood and exposure.

THREE MEN SEEN

Cleveland, Feb. 18.—Three men riding on a motorcycle and side car, were seen to stop at Bean and State roads, shortly before the brutal murder of Misses Louise Wolf and Mahol Foote, Parma rural school teachers, Wednesday afternoon. Sheriff Stannard was informed, today. Two of the men walked down Bean road towards the scene of the crime, while the third remained seated on the motorcycle, the sheriff was told.

STUDENTS WILL STAGE DIDO SATURDAY NIGHT

Latin Scholars of Harding High
To Display Ability.

TIME OF VERGIL'S STORY
IS 1150 BEFORE CHRIST

Students Will Attempt To Por-
tray the Time and the People.
Interesting Tale.

Tomorrow evening at the departmental school auditorium, the Latin department of the Harding High school will stage the play, "Dido," Vergil's story of Aeneas and Dido, when, it is believed, will be a huge success, as it is a story of excellent plot, and under the careful direction of Miss Ola Almendinger and Mrs. Corinne Rosebrook, the dramatic interpretation of the classic has been splendidly developed.

The play is by no means a small affair, but to the contrary it is of a spectacular nature, since a cast of sixty-eight people is to figure in the production, and the play is divided into three acts with seven scenes, while the costumes of the ancient Carthaginians are to be carefully reproduced.

Drills and Songs.
A number of drills and songs are to be introduced into the play. The drills are under the direction of Miss Rachel McAttee, of the girls' physical training department. The high school orchestra, under the direction of Miss Taylor, will furnish the music.

Aeneas and his followers driven from Troy, supposedly guided by the gods seek the land prepared for them in far off Italy. After sailing about ten months for a period of seven years, Aeneas is driven by a storm shipwrecked on the shores of Libya, near the city of Carthage, where Dido, the Carthaginian queen, reigns supreme. Dido takes pity on the outcasts and receives them into her kingdom. Then the beautiful queen falls in love with Aeneas, and thus goes on a thrilling love affair which finally has a tragic ending.

The curtain will rise promptly at 8 o'clock and the price of admission will be thirty-five cents.

Cast of Characters.
The dramatic personae is as follows:

Dido, Queen of Carthage	Miriam Smart
Aeneas, leader of the Trojans	Fred Almendinger
Venus, goddess of Love, mother of Aeneas	Ruth Starr
Juno, goddess queen, hostile to the Trojans	Louise Neal
Anna, sister of Dido	Pearl Rinnert
Barca, nurse of Dido	Mary Pennock
Achates, faithful friend of Aeneas	Thomas Cooper
Hilioneus, Trojan nobleman	Marion Spencer
Sergestius, Trojan nobleman	Paul Roush
Iarbas, Morish prince	Edwin Kaachel
Cupid, god of Love	Arthur Messenger
